

PixelFox presents preliminary revenue and EBITDA for December and the full year 2024

Stockholm, 24 January 2025

PixelFox AB (publ) hereby presents preliminary figures for revenue and EBITDA for December 2024 and for the full year 2024. The preliminary full-year revenue amounted to 47.1 MSEK, compared to 47.4 MSEK in 2023. The company reports a preliminary EBITDA for 2024 of 3.2 MSEK, which represents an increase of 4.7 MSEK from -1.5 MSEK in the previous year. This corresponds to a percentage change of approximately 313 percent.

In December, EBITDA was affected by non-recurring costs related to the establishment in the United States, where PixelFox now operates through a subsidiary. The company's management believes that these initiatives provide a foundation for continued expansion in 2025, both in Sweden and internationally.

Below is a summary of the preliminary revenue and EBITDA for 2024 compared with the corresponding period in 2023:
